

EP-UNI-230/300

EASYPLAN EP-UNI Handscreeding System

The EP-UNI is an optimal hand-tool for an economical performance of smaller and medium-sized sites. It's quicker, easier and better.

Flanged at the sides, optionally available height-adjustable roller units take the height off existing kerbs, pavers or similar. This is possible not only with the basic element but also with the telescopic elements. No further rail gauges are necessary, thus granting additional time-saving!

- Continuously adjustable telescopic elements.
- With only one system you can screed different working widths easily and exactly. EP-UNI is adjustable to the required working width between.
- With two telescopic elements the basic Alu-profile can be enlarged.
- Including special key for fast mounting of the telescopic elements and the roller units.
- No flexing with the strong Alu-profile, even at working-widths up to maximum 3 m!
- Due to special design, the profile does not leave the screeding rail even when working with large quantities of screeding material.
- The handle of EP 230/300 is adjustable to the required angle-positioning.
- The special design of the handle enables the operator to use their bodyweight to exert pulling force in every position of the EP-profile.
- With the EP 90/230 the screeding material can be carried and filled exactly into the gaps left by the screeding rails, for example water-pipes.
- Handle removable for transport.

Scope of delivery:

EP-UNI-Set 90/230: <> 1 Alu-Profile each 900 mm and 1,600 mm, 1 handle, 1 air of telescopic elements, 350 mm each.

EP-UNI-Set 230/300: 1 Alu-Profile 2,300 mm, 1 three-dimensional handle, 2 telescopic units each 350 mm

Type	Dead Weight kg (lbs)	Working Width mm (in)	Order-Number
EP-UNI-Set 90/230	16 (35)	900 – 2,300 (35.43 – 90.55)	51000040
EP-UNI-Set 230/300	15 (33)	2,300 – 3,000 (90.55 – 118.11)	51000041

Accessories:

Type	Description	Dead Weight kg (lbs)	Height Adjustable Range mm (in)	Order-Number
EP-UNI-RS	(can be added later)	4.8 (11)	35 – 255 (1.38 – 10.04)	41000165

Spare Parts:

Type	Description	Dead Weight kg (lbs)	Length mm (in)	Order-Number
1 Set of Telescopic Units	for EP-UNI 2 x 350 mm (13½")	3 (6.61)	350 (13.78)	41000164

AZL-EP

AZL-EP

Screeding Rail Kit for Handscreeding Systems

For EASYPLAN EP-UNI, TELEPLAN-TP and FIXPLAN FP.

Through integrated plug-in connections it is very easy to join these lightweight screeding rails together. A cubical inclined plane of section gives inclined joints in each direction. Impossible to hook in with the wipers.

- Non-corroding due to use of galvanized steel pipes (Diameter 26,9 mm / 1 in).
- Simple, robust, integrated plug system. Nondetachable!
