making hard work easier

CSG-400 Concrete Sleeper Grab

Precise gripping and placement of concrete sleepers and other products for retaining walls or sound and privacy screens - compact, efficient, safe, and gentle on the material.

- Secure hold thanks to the double-scissor principle, even in confined spaces
- Non-marking rubber grippers and integrated height stop
- Low dead weight of less than 15 kg for easy transportation
- Semi-automatic: manual unlocking and automatic locking after setting down
- Lifting eye for attachment to various lifting equipment and machinery

Type	Gripping Range mm (in)	Working Load Limit kg (lbs)	Dead Weight kg (lbs)	Order - Number
CSG-400	30 – 150 (1.18 – 5.90)	400 (881.84)	14.5 (31.96)	53100447
