- 1** Barra di taglio con lama SCH  
Cutting bar with blade SCH  
Barre de coupe avec lame SCH  
Schneidwerk mit SCH-Klingen  
Barra de corte con cuchilla SCH
- 2** Snodo con inclinazione idraulica  
Joint with hydraulic tilting  
Joint avec inclinaison hydraulique  
Gelenk mit hydraulischer Neigung  
Articulación con inclinación hidráulica
- 3** Comando idraulico a leve  
Hydraulic controls with levers  
Commande hydraulique à levier  
Hydraulikverteiler mit Hebelsteuerung  
Mando hidráulico con palanca
- 4** Attacco a 3 punti con sistema anti urto  
3-point hitch with anti-shock system  
Attelage à 3 points avec système anti choc  
Anfahrerschutzsystem am Dreipunktbau  
Enganche de 3 puntos con sistema anti choque
- 5** Barra di taglio a coltelli mobili con 3 rotori  
3 rotors cutting bar with swing away blades  
Barre de taille à couteaux mobiles  
Schneidwerk mit fliegenden Klingen  
Barra de corte con cuchillos móviles

- 6** Comandi elettroidraulici con joystick proporzionale  
Electro-hydraulic controls with proportionate joystick  
Commandes électrohydrauliques avec joystick proportionnelle  
Elektrohydraulische Steuerung mit Joystick anteilig  
Mandos electrohidráulicos con joystick proporcional
- 7** Joystick proporzionale con sistema di autolivellamento  
Self-levelling system with proportional joystick  
Système de nivellement automatique avec joystick proport.  
Selbstnivellierendes System mit proportionalem Joystick  
Sistema de autonivelación con joystick proporcional
- 8** Centralina idraulica indipendente  
Independent hydraulic power unit  
Centrale hydraulique indépendante  
Unabhängiges Hydraulikaggregat  
Centralita hidráulica independiente
- 9** Sistema di ribaltamento per taglio su entrambi i lati del trattore  
Tilting system for cutting on both sides of the tractor  
Système de renversement pour coupe sur les deux côtés du tracteur  
Umkehrsystem für den Einsatz an beiden Seiten des Traktors  
Sistema de vuelco para corte en los dos lados del tractor
